## It's Nomination Time!!

Nominations are being accepted for the following positions within the club. **President and Vice-President**, (these positions carry a two year term). **Two trustee positions**, which carry a three year term. Dave WD8AYE and Chuck N8LIV's trustee positions are due to expire and I'm told that they both will not be seeking re-election due to personal commitments and to give others a fair chance at the positions. Additionally, we need a person to fill the **remaining term of trustee** for Denny K8NIB, who has given up his trustee position due to his complicated knee surgery this summer.

Nominations for these positions are being taken at this time. Voting will take place at the December club meeting and the new terms will start in January. This is an excellent opportunity for someone to get involved first hand with the club and we welcome all nominations. All it requires is a few hours a month of your time and your responsible dedication.

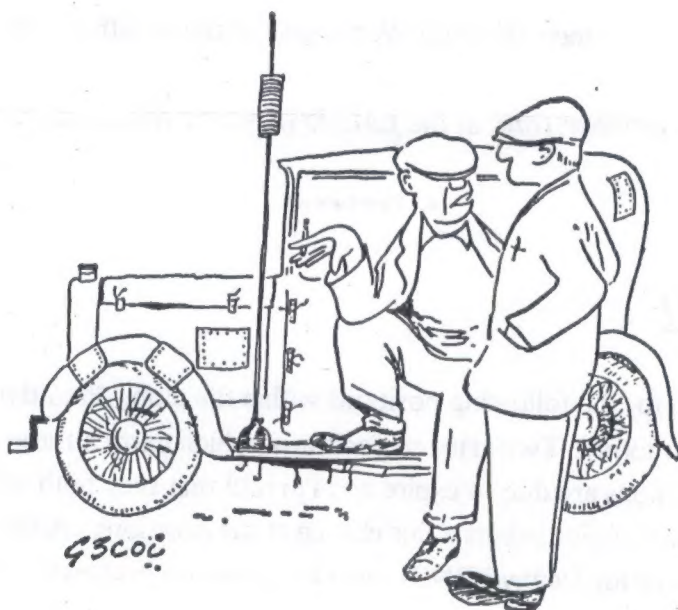

If you would like to nominate yourself or someone you know, please contact Dale KB8LWP @ 456-3241 or John N8WHH @ 966-0467. Good luck!!

### **Simulated Emergency Test**

We participated in a *Simulated Emergency Test*, nationally scheduled for the weekend of October 12th and 13th. The purpose of this test was to gauge the amount of amateur involvement in our community in the event of an emergency or natural disaster, and measure our ability to pass traffic through NTS. We ran our test on Sunday the 13th, and in spite of the great fall weather, we received a total of 23 check-ins in one half hour. *Many thanks* to those who participated.

### **Editor Needs YOUR Help!!**

I am seeking assistance from our club members to help provide letters and articles of interest for the *Feedline*. It's not an easy job each month gathering relevant and interesting information for the newsletter, nor am I aware of every event that happens here in Stark County, so any help would sure be appreciated! You can give (or mail) me written/typed information, or even better yet, use the electronic media to forward the info. As you can see I can be reached via packet or the internet.
